

Corps (EAC), its mission would be to provide TMDE Support to the Western Pacific Theater of operations. This would include Korea and Japan with Small Arms and Ammunition Gage support for Hawaii. The Region Headquarters was located at CP Carroll Korea (Waegwan). It was a Composite Civilian/Military organization, with an ACL, ICL, PBO/MSSA and Support Office located at CP Carroll, a TDA 286 TSC at CP Coiner, a TDA 287 at Sagami, Japan, MTOE 287 ATSTs at CP Casey and CP Sears, 2 MTOE 287 ATST's at CP Humphreys. The 4 MTOE ATST's were organizational elements of the 95th Maintenance Company under coordinating authority of the region. Region-Pacific became a permanent organization effective 16 September 1999.

19th TAACOM had 4 chemical decontamination units whose mission was very similar to those in the ROK military. They were tasked with decontaminating personnel and equipment in the aftermath of an enemy chemical attack. The 61st Chemical Company was stationed in Pusan, the 62nd Chemical Company was in Wonju and 2 units, the 267th and the 501st Chemical companies, were located in Waegwan. The 4 chemical companies were part of the 19th TAACOM's 23rd Chemical Battalion, headquartered on Camp Carroll near Waegwan, Korea. The 23rd Chemical Battalion was stationed at the facility, but relocated to Fort Lewis in late 2004. The completion of the relocation was announced by Eighth US Army on 17 December 2004.
